CAREER OBJECTIVE

Enthusiastic and results-driven Frontend Web Developer seeking to build high-performance, user-friendly, and modern web applications. Eager to leverage dynamic UI/UX skills and clean coding practices in a professional development setup. Deeply interested and focused on transitioning towards a successful long-term career as an **AI/ML Engineer**.

PROFESSIONAL EXPERIENCE

Frontend Web Development Intern

Tech Firm / Startup | Ongoing

- Developing responsive web applications using HTML, CSS, JavaScript, and frameworks.
- Enhancing site performance, ensuring fluid components, and seamless page interactions.
- Designing modular architecture while keeping scalability for future AI modules in mind.

PROJECTS

Gram Panchayat Saute Website

Frontend Developer & Lead Designer

Built a localized administrative platform to improve information delivery and citizen access. Fully responsive design with high-fidelity performance metrics.

Personal Portfolio Website

Creator / Frontend Showcase

Designed an elegant interactive platform showcasing creative design abilities, technical components, and professional video editing showreels.

To-Do List Application

JavaScript Application

Developed a task management utility implementing strict state variables, persistent updates, and optimized browser performance.
